Recommended knowledge

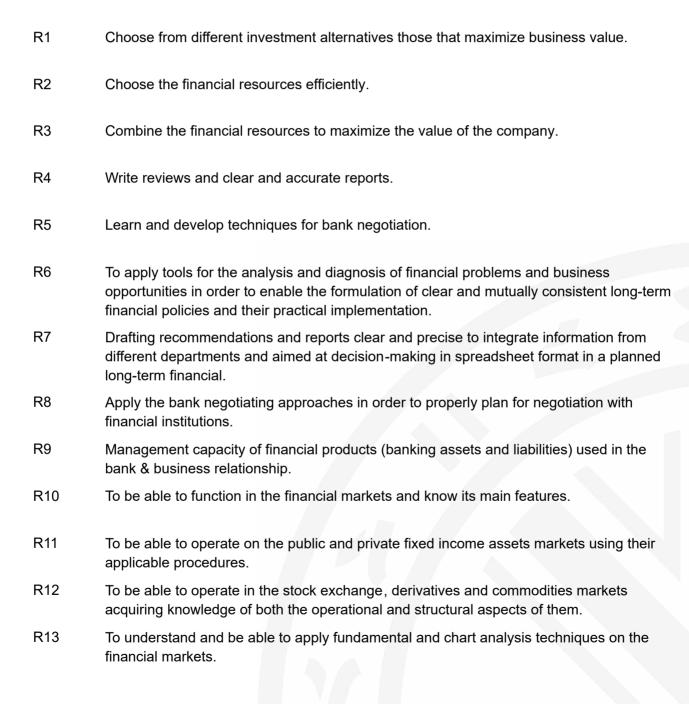

The course Stock Exchange and Securities Trading is given in the second semester of the third year of the **Degree in Business Administration and Management**. This is a module in which the student acquires specific and operational knowledge of the subject both in the field of professional and business practice and that will be a foundation for further learning the rest of their training in financial management. This course focuses on two main blocks: fixed income and equities. The first block explains the concept of fixed-income, the markets in which it operates and management strategies.. In the second part the concept of equity, the market in which it operates and equities management strategies are studied, applying techniques of analysis of the value of a stock and the main tools of technical and fundamental analysis.

Year 2023/2024 302005 - Stock Exchange and Securities Markets

_earning outcomes

At the end of the course, the student must be able to prove that he/she has acquired the following learning outcomes:

Year 2023/2024 302005 - Stock Exchange and Securities Markets

Competencies

Depending on the learning outcomes, the competencies to which the subject contributes are (please score from 1 to 4, being 4 the highest score):

BASIC		١	Veig	hting	9
	1		2	3	4
CB1	That students have demonstrated knowledge and understanding in an area of study that is at the core of general secondary education, and is often at a level that, while supported by advanced textbooks, also includes some aspects that involve knowledge from the cutting edge of their field of study.			X	
CB2	That students know how to apply their knowledge to their work or vocation in a professional way and possess the skills that are usually demonstrated through the elaboration and defense of arguments and the resolution of problems within their area of study.			X	
CB3	That students have the ability to gather and interpret relevant data (usually within their area of study) to make judgments that include reflection on relevant social, scientific or ethical issues.			x	
CB4	That students can convey information, ideas, problems and solutions to both specialized and non-specialized audiences.			X	
CB5	That students have developed those learning skills necessary to undertake further studies with a high degree of autonomy.				X

GENEF	Weighting	
		1 2 3 4
CG0	Speaking well in public.	x
CG1	Capacity of analysis and synthesis.	x
CG2	Adequate management of time and resources.	x
CG3	Capacity to apply knowledge into practice.	x

CG4	Capacity to handle information from different sources.		x	
CG6	Use of ICTs		X	
CG7	Information management.	1	X	
CG9	Decision-making orientation.		x	
CG16	Self-confidence and decision making.		x	
CG20	Development of values related to the principles of equal opportunities between men and women, universal accessibility for people with disabilities and, in general, democratic values and a culture of peace.		X	

SPECIFIC			Weighting			
		1	2	3	4	
CE1	Understand the potential impact of aspects related to the macro and microeconomic environment and its institutions on business organizations (e.g. the monetary and financial system, domestic markets).			X		
CE4	Ability to develop interdisciplinary knowledge and analysis to define criteria according to which a company is defined, linking the results with the analysis of the environment.			X		
CE5	Understanding of existing and new technologies and their impact on new or future markets.			X	1	
CE8	Managing a company through its planning and control, using concepts, methods and tools (e.g. strategy design and implementation, benchmarking, total quality management, ABC cost system).			X		
CE9	Identify potential sources of useful economic information and their content.		X

Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

<u>Situation 1: Teaching without limited capacity</u> (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

<u>Situation 2: Teaching with limited capacity</u> (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

X

Microsoft Teams
