Learning outcomes

At the end of the course, the student must be able to prove that he/she has acquired the following learning outcomes:

- R1 Analyze the macroenvironment and microenvironment of a sports organization.
- R2 Create a research project on the needs and desires of potential clients of a sports organization through market surveys.
- R3 Estimate the costs and revenues of the communication project.
- R4 Resolve problems and make effective commercial and professional ethical decisions based on different situations within a sports organization.

Competencies

Depending on the learning outcomes, the competencies to which the subject contributes are (please score from 1 to 4, being 4 the highest score):

	Weighting			
	1	2	3	4

Assessment system for the acquisition of competencies and grading system

Assessed learning outcomes	Granted percentage	Assessment method
R1, R2, R3, R4	40,00%	Written and/or practical tests.
R2, R3, R4	30,00%	Exercises and Practices in the Classroom.
R1, R2, R3, R4	30,00%	Non-face-to-face autonomous work.

Observations

The student may keep the assessment instruments passed for the 3 years following the first registration.

It is necessary to obtain 50% in the written/oral and/or practical tests.

According to article 4.2. of the Guidelines for Assessment at the UCV, the limit of absences that may be due to eventualities (medical consultation, bureaucratic procedures...) that do not have to be justified, is 30%.

In case of not complying with any of these criteria, the student will be graded with a maximum of 4.5.

OTHER CLARIFICATIONS

Written/oral and/or practical tests

Single final exam. Multiple choice test and/or short answer questions. Standard penalty system*. It can be recovered in the corresponding call with a new test of similar characteristics. Minimum grade of 5 for an average. The contents that can be assessed in this exam are:

All theoretical contents taught in class (slides, teacher's explanations, classroom practices and documents). The contents of the training platform (readings, articles, questionnaires and others). The contents indicated by the teacher (articles, book chapters...). The contents completed by the student with the consulted bibliography. Active participation

Classroom practices and participation in class will be graded by carrying out individual and group activities in the classroom, such as exercises, practical cases, dynamics and questions from face-to-face questionnaires. These questionnaires can be of a cumulative nature, sum of correct answers; or competitive, distribution of points for those who have answered correctly. They can be recovered through the same system, which prevents their recovery between calls of the same year. Independent work.

It consists of completing questionnaires and/or submitting activities or exercises through the teaching platform, in a non-face-to-face manner. It also includes work or practices developed by the student independently, although the results of these can be presented in class and evaluated. It can

be recovered in the corresponding call with the delivery of new projects, activities and/or questionnaires whenever possible.

*Standard penalty system

No options = No subtraction;

2 options = 1 wrong subtracts 100%

3 options = 1 wrong subtracts 50%

4 options = 1 wrong subtracts 33.3%

5 options = 1 wrong subtracts 25%

6 options = 1 wrong subtracts 20%

The detailed explanation (procedure for the works) as well as the evaluation tools (sheets or rubrics) of each section will be posted on the platform of each group at the student's disposal.
