

Year 2023/2024 241206 - Physiology II

### Information about the subject

Degree: Bachelor of Science Degree in Physiotherapy

Faculty: Faculty of Medicine and Health Sciences

Code: 241206 Name: Physiology II

Credits: 6,00 ECTS Year: 2 Semester: 1

Module: MODULE 1: BASIC FORMATION

Subject Matter: Physiology Type: Basic Formation

Field of knowledge: Health Sciences

Department: -

Type of learning: Classroom-based learning

Languages in which it is taught: English, Spanish

#### Lecturer/-s:

242A Maria De La Luz Moreno Sancho (Responsible Lecturer) ml.moreno@ucv.es

Maria Jesus Vega Bello mj.vega@ucv.es

242GIQ <u>Maria De La Luz Moreno Sancho</u> (English Responsible ml.moreno@ucv.es

Lecturer)

Year 2023/2024 241206 - Physiology II

## Module organization

### **MODULE 1: BASIC FORMATION**

| Subject Matter                | ECTS  | Subject                             | ECTS | Year/semester |
|-------------------------------|-------|-------------------------------------|------|---------------|
| Anatomy                       | 18,00 | Anatomy I                           | 6,00 | 1/1           |
|                               |       | Anatomy II                          | 6,00 | 1/2           |
|                               |       | Cellular and Molecular<br>Biology   | 6,00 | 1/1           |
| Physiology                    | 18,00 | Biomechanics and<br>Applied Physics | 6,00 | 2/1           |
|                               |       | Physiology I                        | 6,00 | 1/2           |
|                               |       | Physiology II                       | 6,00 | 2/1           |
| Applied psychosocial sciences | 12,00 | Anthropology                        | 6,00 | 1/2           |
|                               |       | Psychology                          | 6,00 | 1/2           |
| Statistics                    | 6,00  | Biostatistics                       | 6,00 | 1/1           |
| Modern Language               | 6,00  | English                             | 6,00 | 1/1           |

Year 2023/2024 241206 - Physiology II

### Learning outcomes

At the end of the course, the student must be able to prove that he/she has acquired the following learning outcomes:

R1 Applies general knowledge of Histology, Physiology and Pharmacology R2 Searches for bibliographic information from different sources and knows how to analyze it with a critical and constructive spirit. R3 The student is capable of preparing documents on Physiology and Pharmacology, and of working in a team. R4 Analyses critically his/her actions and works. R5 Integrates and adapts kinesiological techniques within the Integral Physiotherapy treatment. R6 Knows the techniques and methods of kinesiology, the effects and consequences that can derive from their performance and different movements within the body.

Year 2023/2024 241206 - Physiology II

### Competencies

Depending on the learning outcomes, the competencies to which the subject contributes are (please score from 1 to 4, being 4 the highest score):

| BASIC |  |   | V | /eig | hting | 3 |
|-------|--|---|---|------|-------|---|
|       |  | 1 |   | 2    | 3     | 4 |
| CB1   | Students demonstrate knowledge and understanding in an area of study that is at the core of general secondary education, and is often at a level that, while supported by advanced textbooks, also includes some aspects that involve knowledge from the cutting edge of their field of study. |   |   |      | X     |   |
| CB2   | Students know how to apply their knowledge to their work or vocation in a professional way and possess the skills usually demonstrated by developing and defending arguments and solving problems within their area of study.  |   |   | X    |       |   |
| CB3   | Students have the ability to gather and interpret relevant data (usually within their area of study) to make judgments that include reflection on relevant social, scientific or ethical issues.   |   |   | X    |       |   |
| CB4   | Students can convey information, ideas, problems and solutions to both specialized and non-specialized audiences.  | x |   |      | 1     |   |
| CB5   | Students develop those learning skills necessary to undertake further studies with a high degree of autonomy.  | X |   |      |       |   |

| SPECIFIC |   | Weighting |  |  |
|----------|---|-----------|--|--|
|          |   | 1 2 3 4   |  |  |
| CE1      | Students learn human anatomy and physiology, highlighting the dynamic relations between structure and function, especially of the locomotive system and the nervous and cardio-respiratory systems. | x         |  |  |
| CE3      | Students identify the factors that influence human growth and development throughout life.  | x         |  |  |
| CE4      | Students know the principles and theories of physics, biomechanics, kinesiology and ergonomics, applicable to physiotherapy.  | x         |  |  |

Year 2023/2024 241206 - Physiology II

| CE5  | Students know the physical bases of the different physical agents and their applications in Physiotherapy.  | x |   |  |
|------|---|---|---|--|
| CE6  | Students know the principles and applications of measurement procedures based on biomechanics and electrophysiology.  | x |   |  |
| CE7  | Students know the application of ergonomic and anthropometric principles.   | X |   |  |
| CE9  | Students assimilate theories of communication and interpersonal skills.   | X |   |  |
| CE10 | Learning theories to be applied in health education and in your own lifelong learning process   | X |   |  |
| CE11 | Students identify the factors involved in teamwork and leadership situations.   | X |   |  |
| CE13 | The structural, physiological, functional and behavioral changes that occur as a result of the intervention of physiotherapy.   |   | x |  |
| CE30 | Students determine the Physiotherapy Diagnosis according to the internationally recognized standards and international validation instruments. This competency includes prioritizing the needs of the patient/user to attend with priority to those that most compromise the recovery process.  | X |   |  |
| CE41 | Students keep the foundations of the knowledge, skills and attitudes of the professional competences updated, through a process of continuous training (throughout life); to critically analyse the methods, protocols and treatments of the care in Physiotherapy and to ensure that they are adapted to the evolution of scientific knowledge.          | x |   |  |
| CE47 | Students maintain an attitude of learning and improvement. This includes expressing interest and acting in a constant search for information and professional improvement, committing to contribute to professional development in order to improve practice competence and maintain the status that corresponds to a qualified and regulated profession. |   | x |  |
| CE51 | Show respect, appreciation and sensitivity to the work of others.   | x |   |  |
| CE52 | Develop the ability to organize and lead work teams effectively and efficiently.  | x |   |  |

| TRANSVERSAL | Weighting |         |

# Assessment system for the acquisition of competencies and grading system

| Assessed learning outcomes | Granted<br>percentage | Assessment method   |
|----------------------------|-----------------------|---|
| R1, R2, R4, R6             | 60,00%                | TEST TYPE: Multiple choice test with one correct answer out of five possible ones. It allows the student to know in greater detail the contents acquired by him/her. It allows the following generic or transversal competences to be assessed: 2 Problem solving 1 Decision making 13 Critical thinking  |
| R1, R2, R3, R4, R5, R6     | 10,00%                | PRACTICES: Oral test in which the student is asked to solve practical exercises, clinical cases or  |
|                            |                       | problems about the knowledge of the different subjects. It assesses the following generic or transversal competences: 4 Analysis and synthesis capacity. 3 Capacity for organisation and planning. 7 IT Knowledge. 6 Information management skills. 2 Problem-solving 1 Decision-making. 13 Critical thinking. 19 Self-directed learning.   |
| R1, R2, R3, R4, R5, R6     | 10,00%                | WORKS: The student, individually or in a group, elaborates a revision or research topic and presents it, in writing, for the evaluation by the teacher. The following generic or transversal competences are valued: 4 Capacity for analysis and synthesis. 3 Capacity for organisation and planning. 7 Computer skills. 6 Information management skills. 10 Teamwork. 14 Working in an international context. 11 Interpersonal skills. 13 Critical thinking. 19 Autonomous learning. 18 Creativity. 21 Leadership. 20 Initiative and entrepreneurship. 16 Motivation for Quality. 70 Maintaining an attitude of learning and improvement. 72 Knowing one's own skills and limitations. |

Year 2023/2024 241206 - Physiology II

R1, R2, R3, R4, R5, R6 10,00%

PRACTICAL EXAM: The student is faced with a test in which s/he must demonstrate through practical application the acquisition of certain knowledge. For example, histological anatomopathological or diagnosis, image interpretation or diagnostic tests. test evaluates the following This generic or transversal skills: 13 Critical reasoning. 19 Autonomous learning.

R1, R2, R3, R4, R5, R6 10,00%

PRESENTATION: The student develops, through an oral presentation, supported or not by audiovisual means, a subject or work commissioned by the teacher. This is the method of evaluation of the Final Degree's Project. At the end of the presentation, the teacher or the audience can ask questions.

0,00%

ATTENDANCE AND PARTICIPATION IN CLASS: The teacher evaluates the participation, involvement and progression of the student's acquisition of knowledge and skills during the theoretical and practical classes. It will not exceed 5% of the final grade.

#### **Observations**

#### Honors award

Students with a 9-point grade or higher are eligible to be awarded with honors. Honors may be awarded at most to 1 student for every 20 enrolled students (not per fraction of 20 unless the number of enrolled students is lower than 20).

#### **MENTION OF DISTINCTION:**

According to Article 22 of the Regulations governing the Evaluation and Qualification of UCV Courses, the mention of "Distinction of Honor" may be awarded by the professor responsible for the course to students who have obtained, at least, the qualification of 9 over 10 ("Sobresaliente"). The number of "Distinction of Honor" mentions that may be awarded may not exceed five percent of the number of students included in the same official record, unless this number is lower than 20, in which case only one "Distinction of Honor" may be awarded.

### Learning activities

The following methodologies will be used so that the students can achieve the learning outcomes of the subject:

Year 2023/2024 241206 - Physiology II

M1 Master class Problem solving Exposition of contents by the teacher. Explanation of knowledge and skills M2 Case resolution: Analysis of sample realities - real or simulated - that allow the student to connect theory with practice, to learn from models of reality or to reflect on the processes used in the cases presented. M4 Personalized attention. Period of instruction and/or guidance by a tutor with the aim of analyzing with the student their work, activities and their evolution in learning the subjects. M5 Set of tests carried out to know the degree of acquisition of knowledge and skills of the student. M12 Group work: Group work sessions supervised by the teacher. Knowledge construction through student interaction and activity. M14 Group work to search, discuss and filter information about the subjects M15 Seminar, supervised monographic sessions with shared participation M16 Student's study: Individual preparation of readings, essays, problem solving, seminars.

Year 2023/2024 241206 - Physiology II

### **IN-CLASS LEARNING ACTIVITIES**

|                            | LEARNING OUTCOMES      | HOURS | ECTS |
|----------------------------|------------------------|-------|------|
| Theoretical lessons        | R1, R2, R3, R4, R5, R6 | 52,00 | 2,08 |
| Practice lessons M2        | R1, R2, R3, R4, R5, R6 | 4,00  | 0,16 |
| Office Hours <sub>M4</sub> | R3, R4, R5, R6         | 2,00  | 0,08 |
| Assessment M5              | R1, R2, R3, R4, R5, R6 | 2,00  | 0,08 |
| TOTAL                      |                        | 60,00 | 2,40 |

### **LEARNING ACTIVITIES OF AUTONOMOUS WORK**

|                    | LEARNING OUTCOMES      | HOURS | ECTS |
|--------------------|------------------------|-------|------|
| Autonomous work    | R1, R2, R3, R4, R5, R6 | 75,00 | 3,00 |
| M16 Group work M12 | R1, R2, R3, R4, R5, R6 | 15,00 | 0,60 |
| TOTAL              |                        | 90,00 | 3,60 |

Year 2023/2024 241206 - Physiology II

### Description of the contents

Description of the necessary contents to acquire the learning outcomes.

### Theoretical contents:

| Content block                 | Contents  |
|-------------------------------|---|
| CARDIOVASCULAR SYSTEM         | The blood. Immunity. Hemostasis. Heart pump function. ECG. Arterial, venous and lymphatic circulation. Blood pressure. Regulation of circulation  |
| RESPIRATORY SYSTEM            | Ventilation mechanics. Gas exchange. Gas transport. Acid-base balance. Ventilation regulation.  |
| DIGESTIVE SYSTEM              | Digestive system. Secretory processes and digestive motility. Digestion and intestinal absorption   |
| EXCRETION                     | Skin and temperature regulation. Physiology of the renal system. Glomerular filtration. Tubular reabsorption and secretion. Production and composition of urine. Regulation of the formation of urine. Juxtaglomerular apparatus and blood pressure. Other functions of the kidney. |
| PHARMACOLOGY IN PHYSIOTHERAPY | Basic physiopathology and pharmacological contribution  |
| PRACTICES                     | ECG and blood pressure measurement. Introduction to pharmacology. Identification of drug information according to its packaging.  |

Year 2023/2024 241206 - Physiology II

### Temporary organization of learning:

| Block of content              | Number of sessions | Hours |
|-------------------------------|--------------------|-------|
| CARDIOVASCULAR SYSTEM         | 9,00               | 18,00 |
| RESPIRATORY SYSTEM            | 5,00               | 10,00 |
| DIGESTIVE SYSTEM              | 5,00               | 10,00 |
| EXCRETION                     | 5,00               | 10,00 |
| PHARMACOLOGY IN PHYSIOTHERAPY | 4,00               | 8,00  |
| PRACTICES                     | 2,00               | 4,00  |

### Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

<u>Situation 1: Teaching without limited capacity</u> (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

<u>Situation 2: Teaching with limited capacity</u> (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

#### 1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

X Microsoft Teams

Year 2023/2024 241206 - Physiology II

### Situation 3: Confinement due to a new State of Alarm.

In this case, the following changes are made:

### 1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject, as well as the group and personalized tutoring, will be done with the telematic tools provided by the University, through:

| X       | Microsoft Teams                |       |  |  |
|---------|--------------------------------|-------|--|--|
|         | Kaltura                        |       |  |  |
|         |                                |       |  |  |
| Explana | ation about the practical sess | ions: |  |  |
|         |                                |       |  |  |
|         |                                |       |  |  |
|         |                                |       |  |  |
