Learning outcomes

At the end of the course, the student must be able to prove that he/she has acquired the following learning outcomes:

- R1 The students distinguish the typologies of the school center in a wide and global way and identify the characteristics of the school center.
- R2 The students know the organization of the school center.
- R3 Students actively participate in the Practicum training activities.
- R4 Students discover the educational possibilities of the classroom space by carrying out a real observation.
- R5 Students use reflective practice as a learning tool.
- R6 The students communicate in writing and orally, by means of an adequate vocabulary and a correct expression, the pedagogical reflections derived from their practices.

Competencies

Depending on the learning outcomes, the competencies to which the subject contributes are (please score from 1 to 4, being 4 the highest score):

| GENERAL | | Weighting | | | |

Assessment system for the acquisition of competencies and grading system

| Assessed learning outcomes | Granted percentage | Assessment method |
|----------------------------|--------------------|--|
| R1, R2, R3, R5, R6 | 20,00% | Attendance and participation in internship seminars |
| R1, R2, R3, R5, R6 | 40,00% | Monitoring and tutoring of the Practicum, including assignments and reports. |
| R1, R2, R4 | 40,00% | Attendance and performance of tutored activities at the placement centre. |

Observations

Proper and participatory attendance of the theoretical training seminars and submission of the corresponding documentation are mandatory to validate the stay at the internship centre. To pass the course, students must pass each of the sections that make up the Practicum I course. In order to academically overcome these practices, the judgement on the student's work and performance made by the EXTERNAL TUTOR (teacher assigned at the EDUCATIONAL CENTRE) is the most valid, as he/she is the one who can observe daily the achievements acquired by the student during the P-I is therefore decisive for the evaluation. Therefore, if the CENTRE REPORT is not satisfactory (pass), the student will have to repeat his/her P-I in the following year.

CRITERIA FOR THE AWARDING OF HONOURS:

As a sign of academic exceptionality, the Honour's Degree will be awarded to the student who, in addition to obtaining a maximum mark in the above criteria, is considered by the teacher to be worthy of such a distinction. And, in accordance with the general regulations which indicate that only one matriculation of honour can be awarded for every 20 students, not per fraction of 20, with the exception of the case of groups of less than 20 students in total, in which one matriculation can be awarded.

Learning activities

The following methodologies will be used so that the students can achieve the learning outcomes of the subject:

M1 PARTICIPATIVE MASTERCLASS

Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

Situation 1: Teaching without limited capacity (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

Situation 2: Teaching with limited capacity (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

☒ Microsoft Teams

☐ Kaltura

Situation 3: Confinement due to a new State of Alarm.

In this case, the following changes are made:

1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject, as well as the group and personalized tutoring, will be done with the telematic tools provided by the University, through:

Comments on the evaluation system:

Training activities at the internship schools

Situation A: STUDENTS TUTORED BY THE CENTRES

All the activities foreseen in this section of the teaching guide to be carried out in the placement centres will be carried out through the telematic tools proposed by the educational centres. In these situations, the assessment system will not undergo any change.

Situation B: PUPILS WHO ARE TUTORED IN MIXED MODE BY THE SCHOOLS

In case the student cannot complete the internship at the school, the centre will assign telematic tasks of support and collaboration. If necessary, a series of complementary activities will be assigned by the mentor consisting of information

gathering and reflection so that the student can achieve the competences stipulated in the teaching guide.

Clarifications on equivalent activities: In case the student has not been able to put their activities into practice, he/she may present them to their supervisor through the telematic tools provided by the University, as well as carry out other activities that complete their practicum dossier.

Situation C: STUDENTS WHO CEASE TO BE TUTORED BY THE CENTRES

In case the student is unable to carry out the activities in person, and the mentor does not contemplate assigning extra tasks, a series of equivalent activities will be Catholic University of Valencia "San Vicente Mártir".
