Assessment system for the acquisition of competencies and grading system

In-class teaching

Assessed learning outcomes	Granted percentage	Assessment method
R2, R3, R4, R5, R6, R7, R8	20,00%	Attendance and performance of guided activities in the practice center.
R1, R3, R4, R5, R7	40,00%	Attendance and performance of guided activities in the practice center.
R2, R3, R4, R5, R6, R7	40,00%	Monitoring and tutoring of the Practicum.

Observations

Attendance and participation in practical seminars: · Adequate and participative follow-up in the theoretical training seminars through the forums · The delivery of the corresponding documentation is mandatory to validate the stay at the internship center. Monitoring and tutoring of the Practicum, including assignments and reports: · Delivery of the observation diary (Task 1) and the reflection on the practices (Task 2). final memory. Self appraisal. Attendance and performance of supervised activities in the practice center: · To academically overcome these practices, the judgment about the work and student performance issued by the EXTERNAL TUTOR (teacher assigned/or at the EDUCATIONAL CENTER) is the most valid, since he is the one who can daily observe the achievements acquired by him during the practices; thus, it is decisive for the evaluation. Therefore, if the CENTER REPORT is not satisfactory (pass), the student will have to repeat their P-II in the following course. · Self appraisal. NOTE: To pass the subject, the student must pass each of the sections that make up the Practicum II subject. The negative evaluation in two consecutive registrations of the subject will give rise to a specific orientation and follow-up from the Practice Commission, as stated in the Practice Regulations of the Faculty of Teaching and Education Sciences. CRITERIA FOR THE GRANTING OF HONORS: The Honors, as a sign of academic exceptionality, will be awarded to the student who, in addition to obtaining a maximum grade in the previous criteria described, considers the teacher to be deserving of such distinction. And, in accordance with the general regulations that indicate that one honor registration can only be given for every 20 students, not for a fraction of 20, with the exception of the case of groups of less than 20 students in total, in which it can be given a license plate

Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

Situation 1: Teaching without limited capacity (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

Situation 2: Teaching with limited capacity (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

☐

Microsoft Teams

☐

Kaltura

Situation 3: Confinement due to a new State of Alarm.

In this case, the following changes are made:

1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject, as well as the group and personalized tutoring, will be done with the telematic tools provided by the University, through:
