Mention of Distinction: Criteria for the awarding of Honors Grades: In accordance with the regulations governing the evaluation and grading of the subject in force at the UCV, the mention of 'Honors Grade' may be awarded to students who have obtained a grade equal to or higher than 9.0. The number of 'Matrícula de Honor' may not exceed five percent of the students enrolled in the group in the corresponding academic year, unless the number of students enrolled is less than 20, in which case only one 'Matrícula de Honor' may be awarded.

Exceptionally, honors may be allocated between the different groups of the same subject as a whole. However, the total number of honors to be awarded will be the same as if they were assigned by group, but these may be distributed among all students according to a common criterion, regardless of the group to which they belong. The criteria for awarding 'Honors' will be carried out according to the criteria stipulated by the lecturer responsible for the subject detailed in the 'Observations' section of the assessment system of the teaching guide.
