## 6.- COMPETENCIES TO BE ACQUIRED BY THE STUDENT

### BASIC COMPETENCIES [BC]

**BC6.** Master and understand knowledge contributing to a base or opportunity to be original in the development and /or implementation of ideas mostly in a research context.

**BC7.** Students will be able to implement the acquired knowledge and their ability to solve problems in new or little known settings within broader (or multidisciplinary) contexts related to their study areas.

**BC8.** Students will be able to incorporate knowledge and face the complexity of making judgments from certain information which, being incomplete or limited, includes considerations of the social and ethic responsibilities related to the implementation of their knowledge and judgments;

**BC9.** Students will be able to communicate their conclusions — and the last knowledge and reasons on which such conclusions have been based—to specialized and non-specialized public in a clear way avoiding any kind of ambiguities.

### GENERAL COMPETENCIES [GC]

**GC2.** Students will be able to identify the risk factors on which school conflicts are based.

**GC3.** Students will be able to understand the theoretical foundations of the conflict resolution regarding the implementation thereof to prevent it and subsequent involvement in the classroom.

**GC4.** Students will be able to acquire the specific language of the discipline of conflict resolution in the classroom.

**GC6.** Students will be able to properly use the technological resources facilitating the management in conflict resolutions in the classroom.

### SPECIFIC COMPETENCIES [SC]

**SC1.** Students will be able to identify the different conflicts that may arise among all the members of the Educational Community (students, families, teachers and other staff from the educational centre) and the risk factors on which they are based.

**SC2.** Students will be able to identify the difference between conflict, indiscipline, disruption and violence in order to establish intervention guidelines appropriate for such conflict.

## 7.- LEARNING OUTCOMES

- The student will be able to identify the risk factors related to behavioural problems.
- The student will be able to identify the risk factors related to violence.
- The student will be able to identify the risk factors related to discipline problems in the classroom.

- The student will be able to identify the risk factors related to disruptive problems and school absenteeism.
- The student will be able to distinguish between the concepts of conflict, disruption, indiscipline and violence.

## 8.-ASSESSMENT

Students should self-assess following the development of each topic. There will be an assessment of the content of the theory and practical lectures, following the procedure set out for the MA.

Assessment Tool	Type of Learning	Allocated Percentage
On-going assessment	Report of the activities	40%
	Explanation of works	20%
Final Assessment	Exam or final paper	40%

The rating is distributed in the following percentages:

1. **Up to 4 points** (maximum percentage: 40% of the final score) is obtained by:
  - a) Participation in Forums.
  - b) Assistance and participation in the classes taught through BlackBoard Web Conference..
2. **Up to 2 points** (maximum percentage: 20% of final score):
  - a) Conducting guided activities.
3. **Up to 4 points** (maximum percentage: 40% of final score): Final task: evaluation in test form.
